

The **TETP-800** Cable Tester Tone & Probe Kit is designed to quickly trace and identify cables, wires, and wire pairs and includes:

**TET-600** Tester & Tone Generator:

- Provides tone via built-in RJ11 connector or alligator clips
- Works with our TEP-100 tracing probe or others to identify cables
- Able to test the continuity of cables and the polarity of telephone lines
- Includes (1) 9V battery required for operation

**TEP-100** Tracing Probe:

- Plastic probe tip prevents accidental shorts
- Adjustable volume knob to work silently or to hear tone more easily
- Works with many other manufacturers' analog tone generators
- Includes (1) 9V battery required for operation
